CargoCatch®

TRUCK BED ORGANIZER

INSTRUCTION MANUAL

Full-Size (Bed Width 62" and Larger)

Mid-Size (Bed Width 61.9" and Less)

U.S. Patent Number D 485 227

Your CARGOCATCH® includes the following parts:

- (1) Cargo Bag with four compartments
- (2) Black Rods, each with eyebolts attached
- (2) Aluminum Rods, each with push-pins and eyebolts
- (2) Rod Length Adjusters, hand-screwed, one on each aluminum rod
- (4) Snap-Links, one attached to each eyebolt

STEP 1. ASSEMBLY FOR MOUNTING

- Depress push-pins on aluminum rods and insert into black rods.
- Thread assembled rods through loops on the top of the cargo bag.
- Attach bag to rods using snap-links & selected grommets at end of bag.

STEP 2. MOUNTING AND SECURING IN PICKUP TRUCK

- Adjust assembled rods to fit snugly against the rails of the truck bed. Rods may also be adjusted to fit just under the bed rails.

- To secure rods to truck bed, **pull and twist the hand adjuster** counter clockwise to lengthen/tighten, so the end caps on the rods press firmly against the sides of the truck. Pull and twist clockwise to shorten/loosen the rods to release pressure and remove.
- Holes on the black rods should be facing down to keep water/dust out of rods. Attach the snap-links to the appropriate grommets on the bag in order to center the unit in your truck. The bottoms of the bag compartments should rest gently on the truck bed floor.

Installation is complete. For technical assistance, please contact our customer service department at 800-580-0791.
